HW1385T | Tilttable lift table 1000 kg

The Silverstone HW1385T is a powerful and reliable lift table designed for professional environments where ergonomics, safety, and high performance are essential. With a lifting capacity of 1000 kg, a generous platform size of 1300 x 850 mm, and an effective lifting range from 380 to 1180 mm, the HW1385T is the perfect choice for workshops, industrial applications, logistics, and assembly lines.

The integrated 45° tilt function provides optimal access to goods, pallets, boxes, and materials – ideal for picking, packing, sorting, or processing tasks without unnecessary lifting or awkward working positions. The platform is equipped with an aluminum safety bar under the tilt section, which stops all movement if an object becomes trapped – an important safety feature for daily operation.

Why choose the HW1385T?

- **Improved ergonomics:** Reduces strain during picking and assembly work
- **High flexibility:** Lift and tilt in one unit – saves both space and time
- **Stable and powerful:** Built for demanding industrial use
- **Easy installation:** Delivered as a complete unit with integrated power pack

| TECHNICAL INFORMATION | | HW1385T |
|----------------------------|------|-----------------|
| Art.nr | | HW1385T |
| Type | | Tilttable |
| Capacity | (kg) | 1000 |
| Table area(LxW) | (mm) | 1300x850 |
| Base frame size(LxW) | (mm) | 1300x850 |
| Stroke length | (mm) | 800 |
| Weight | (kg) | 360 |
| Lifting height min-max | (mm) | 380x1180 |
| Lifting time to max height | (s) | 20 |
| Drive motor/Lift motor | (kw) | 380V/50HZ - 2,2 |
| Tilt function max. | (°) | 45 |
